Brief Report on

“Tree Plantation”

Date and Venue / Location: 30/06/2022, SSBT's COET Campus.

Aim / Purpose: To Protect the Ozone Layer.

Objectives: To reduce the impacts of air pollution and dust as trees and shrubs are known to be natural sink for air pollutants.

Participant's Profile: 16 Students from S.E. Chemical Engineering and 5 Faculty Members.

Description about the Program: Tree Plantation program conducted to enhance the air quality and reduce soil erosion. By planting trees, they provide us oxygen for breathing.

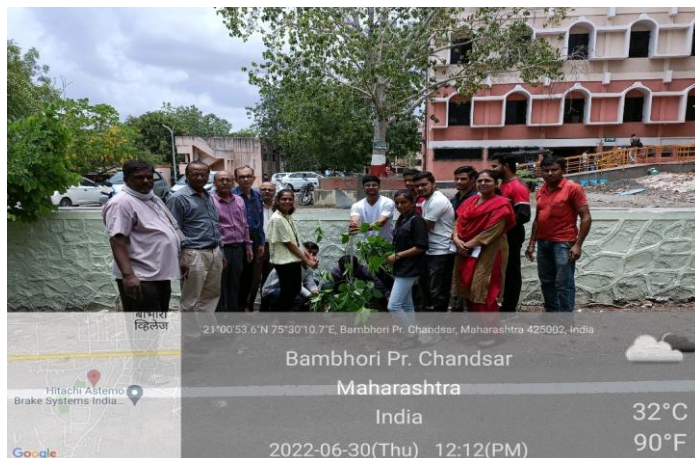

Feedback & Analysis: Students shown interest and commitment to preserve the nature.

Outcomes: Trees reduce air temperature by trapping dust and smoke.

Recommendation: Trees make the home for birds and other animals and insects, helping to keep up the ecosystem rolling and hence Tree Plantation is necessary.
