Expert Lecture on “ Software Development Process ”

Computer Department organized Expert Lecture on “ Software Development Process ” on 24/08/2015 for BE-Computer Engineering students. Expert for this lecture was Mr. Rahul Teni, Austere Technology Solutions Pune . From this Expert Lecture students were aware about Software Development Process in industry. He demonstrated that the Software development is the process of computer programming, documenting, testing, and bug fixing involved in creating and maintaining applications and frameworks involved in a software release life cycle and resulting in a software product.

Two Days Workshop on “LaTeX”

The Workshop on “LaTeX” was organized from 05/9/2015 to 06/9/2015 for TE Computer Students in Computer Engineering department. This workshop conducted by Mr. S.S. Patil, Computer Engg. Dept. SSBT’s COET Bambhori, Jalgaon. This workshop was helpful to the students for preparing their minar project report in LaTeX as well as Major Project in BE. LaTeX is a high-quality typesetting system; it includes features designed for the production of technical and scientific documentation. LaTeX is the *de facto* standard for the communication and publication of scientific documents. LaTeX is available as free software.

Seminar on “Career Opportunities in Network”

Computer Department organized Seminar on “Career Opportunities in Network” on 23/09/2015 for BE-Computer Engg. students. Expert for this lecture was Mr. Chandan Patil, Kokban Automation Pvt. Ltd. Pune (Yokgawa Dubai). From this Expert Lecture students were aware about Computer Networking which is an important career development skill that is worth developing. Industries across the career spectrum and around the world depend on computer networking to keep employees connected and business flowing. And these networks need administrators - hard-working men and women who know their way around a computer and aren't afraid to take a hands-on approach to troubleshooting. Several types of positions exist in networking like, Network Administrator, Network (Systems) Engineer, Network (Service) Technician, Network Programmer/Analyst, Network/Information Systems Manager.
