Brief Report of Expert Lecture
"Multidisciplinary Research"

Date and Venue: 23/07/2016, Chemical Engineering Department

Aim/Purpose: To develop the interests of research in students and to impart the knowledge of benefits of research

Objectives: To develop awareness of the students about research in multidisciplinary area and to utilize this for improvement in quality of life of mankind.

Resource Person's Profile:

- Dr. Njuguna James, Professor of Composite Materials & Structures at Robert Gordon University, Aberdeen.UK

Participants Profile:

- 37 Students of B.E. Chemical Engineering

Description about the programme:

- Dr. Njuguna James, working as Professor of Composite Materials & Structures at Robert Gordon University, Aberdeen.UK discussed about the multidisciplinary research and guided the students on applications of multidisciplinary research and its advantages.

Feedbacks & Analysis: Students understood basics of multidisciplinary research and its advantages.

Outcomes: The students are updated with latest knowledge of multidisciplinary research and its applications and lecture has given them new insight.

Recommendations: Students should find out various areas in multidisciplinary research for helping the society.

Brief Report of Industrial Lecture
"Use of Softwares in Chemical Industries"

Date and Venue: 16/01/2017, Chemical Engineering Department

Aim/Purpose: For better understanding and to increase interest about use of softwares.

Objectives: To develop awareness of the students about software application in Chemical Industries

Resource Person's Profile:

- Miss Pallavi Kude from Accenture, Hyderabad, alumni of Chemical Engineering Department

Participants Profile:

- 37 Students of B.E. Chemical Engineering

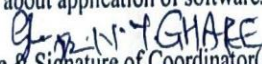

Description about the programme:

- Miss Pallavi Kude from Accenture, Hyderabad, alumni of Chemical Engineering Department working as Software Analyst informed students about the softwares available which are used in chemical process industries and their advantages and applications.

Feedbacks & Analysis: Students understood the various softwares used in chemical industries and application of each software.

Outcomes: Students are updated with all latest softwares available in the market in this fast changing technical environment.

Recommendations: Apart from knowledge in production aspects of chemicals, students were advised by alumni to learn about application of softwares in Chemical Industries.

Date and Venue: 15/03/2017, Non AC Seminar Hall

Aim/Purpose: For improving the knowledge of subject area.

Objectives: To develop interest of the students about cement industry.

Resource Person's Profile:

- Shri Upendra Tripathi, Manager, Orient Cement Ltd. Jalgaon.

Participants Profile:

- 37 Students of B.E. Chemical Engineering

Description about the programme:

- Shri Upendra Tripathi from Orient Cement Ltd. Jalgaon discussed about predictions of growth in cement industry and developments required to improve the position of cement industry.

Feedbacks & Analysis: Students learnt the future and challenges of cement industry and also strategies to be developed to improve the position of cement industry including pollution aspects.

Outcomes: Other than production area, lecture has given students new insight for improvement of cement industry.

Recommendations: Apart from information on manufacturing area of cement industry, students were guided how to overcome challenges in cement industry.

Mock interview event report

The majority of students prefer to go for job after their graduation. The selection for jobs do not depend solely upon technical knowhow, as reflected by the marksheets, it also depends upon the softskills of the student, as assessed by the interviews. Giving an interview is an art. It needs practice. In order to make the students better employable, department gives them training for interview techniques also. With this view, Mock interviews are organized in the department.

On March 18, 2017, a mock interview session has been organized in the department. Er Vilasrao Deshmukh, Deputy Engineer of PWD Murtizapur kindly served as a resource person for the event. The event had three steps:

1. Quiz session organized by D. G. Pardeshi
2. Group Discussion session D. G Pardeshi
3. Mock interview: students qualifying in first and second step were allowed to appear for the interview session.

Mr Deshmukh gave guidance to students for interview techniques. He counselled the students for improved performance.

To,

Mr. Imran Khan

Junior Engineer, Signal and Telecommunication,
Central Railway.

Dear Sir,

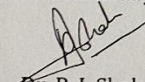

We are very much thankful for visiting our Institute on 20/03/2017 from 11:00 am to 1:00 pm for sharing your knowledge, experience and views with our students. The BE students are very much pleased with your valuable knowledge delivered in the expert lecture on "Introduction to Signal System of Indian Railways". This lecture will help them to build their career.

Thank you for the support, guidance, and encouragement you have provided to the students during the lecture.

I hope you will extend your kind co-operation in future too.

Thanking you,

Yours faithfully,

Dr. P. J. Shah

**Brief Report on industrial lecture on Product Design & Career Opportunities in
Entrepreneurship**

Date and Venue/ Location	25/01/2017 E-108, Department of Electrical Engineering
Aim/Purpose	The aim of the lecture is that the students acquire necessary knowledge and skills required for organizing and carrying out entrepreneurial activities, also to understand the process of product design
Objectives	<p>The objective of the lecture is</p> <ol style="list-style-type: none">1. Identification of opportunities by an entrepreneur, in the context of probable industries and to decide role, the scope of work, and relationships, in accordance with the opportunities.2. To keep watch over the possible market of the commodity or service to be produced.3. To explore the opportunities for possible entry in other areas.4. To have the desire for technical knowledge, awareness towards new opportunities, and acceptance of the changes.5. Shape solid business and product goals
Participants Profile	The program helps the student to gain confidence and knowledge related to Product design and also helps them to develop the ability of analysing and understanding business situations in which entrepreneurs act.
Description about the program	This lecture was an attempt to cover material relevant to giving participants necessary knowledge and skill set of product designing. The lecture also provides education of designing a product from the raw stage to the finished stage by using different processes and deals with the design, manufacturing, and use of products around us. It helps the students develop the ability of analysing various aspects of entrepreneurship – especially of taking over the risk, and the specificities as well as the pattern of entrepreneurship development and, finally, to contribute to their entrepreneurial and managerial potentials
Outcome	<p>The program helps the students</p> <ol style="list-style-type: none">1. to manage tasks across the various phases of the design process2. able to incorporate various methods and tools during a design project and demonstrate their usefulness in a tangible product concept

	<ul style="list-style-type: none"> 3. Transforming insights into design principles 4. Know the parameters to assess opportunities and constraints for new business ideas 5. Understand the systematic process to select and screen a business idea 6. To design strategies for successful implementation of ideas 7. to write a business plan
Recommendations	Such program should be arranged every year

Brief Report on industrial lecture on Importance of Effective Communication in Corporate Life

Date and Venue/ Location	16/03/2017 E-108, Department of Electrical Engineering
Aim/Purpose	The aim of the lecture is to convey information—and the understanding of that information—from one person or group to another person or group.
Objectives	The objective of the lecture is <ol style="list-style-type: none">1. determining an individual's work effectiveness and career success.2. to communicate clearly and with impact by improving their verbal and non-verbal communication style3. To enhancing interpersonal skills4. To demonstration of the principles of effective communication.5. to strengthen relationships,6. to motivate and foster team work
Participants Profile	The program helps the student to gain confidence and knowledge related effective communication and also helps them to improve their communication skills.
Description about the program	Effective communication occurs when a message is sent and received accurately. Just because you believe you are communicating ideas and information properly in your organization, does not necessarily mean it is effective. The is lecture helps the students to recognise different decision-making styles, identify their personal communication style and where this might lead to conflict, handle conflict within the team, send, receive and process information in the most efficient manner, promote close teamwork, build trust within the team, improve interpersonal communication for better productivity throughout the team, work more effectively with other team members.
Outcome	The program helps the students to <ol style="list-style-type: none">1. Recognised different styles of communication and how to improve understanding and build rapport with others.2. Reflected on different methods of communication and decided when each is most suitable.

	<ul style="list-style-type: none"> 3. Appreciated the role of body language and voice tone in effective communication. 4. Communicated their message in an effective and engaging way for the recipient. 5. minimize misunderstandings that are due to faulty communication between them and other people. 6. conduct open conversations with others
Recommendations	Such program should be arranged every year

Brief Report on

MECHANICAL Engineering Department MESA Activity (2016-17)

Expert Lecture on Power of belief and career choosing" by Er.Radhika Zawar
Young motivational speaker

Date and Venue / Location: 07/03/2017 from 3.30 pm to 4.30 pm, at Mech seminar hall.

Aim / Purpose: To motivate & aware the students about their future career.

Objectives:

1. To aware students about various career opportunities as mechanical engineers in industries.

Participant's Profile: BE MECH Students.

Description about the Program:

Mechanical Engineering Department "MESA" organized an expert lecture on "Power of belief and career choosing" by the eminent Speaker Er.Radhika Zawar on 07/03/2017 for Mechanical engineering students in the presence of HOD Mech, Mr. M.V.Rawlani (MESA, faculty advisor), and other faculty member. The Lecture was attended by 40 students and 04 faculty member of the department.

There was an interactive Question and Answer session, where Speaker has cleared all the doubts of student, The programme ended with the Vote of Thanks.

Feedback & Analysis: As per the feedback received from the participants The Program was very good, the students get learning experience with, the lecture will support them in their upcoming career.

Outcomes:

1. Students come to know about their internal quality.

Recommendations: To organize such expert lectures regularly.

Coordinator's Report

MBA Students Association (MBASA) organized Debate Competition on topic "*Goods and Service Tax in India*" dated 5th August 2016.

Venue: Department of Business Administration **Time:** 2:30 pm To 3:30 pm

Theme of the event / Competition: (Description of Various Round Conducted)

- **Debate Competition on "*Goods and Service Tax in India*".**

Objective of the event:

- What the impact of GST (Goods and Services Tax) will be on Indian Tax Scenario.
- The possible challenges and threats and opportunities that GST brings to strengthen our free market economy.
- The prime objective of this was to inculcate in the students the values of attitudes and behavior pattern.

Beneficiary:

- MBA I & MBA II year Students.

Analysis of Feedback:

- ☒ **Positive Remarks:** The knowledge and the experience gained from a competition stays with us forever.
- ☐ **Negative Remarks:** In competition only few students actively participate.
- ☐ **Key Suggestion:** This experience can go a long way to strengthen our personality.

Subject: Regarding organizing expert lecture on, "How to write research paper & importance of Hypothesis in Research".

Respected Sir,

With reference to above mentioned subject, we wish to organize an expert lecture of Dr.Parag A.Narkhede (Associate Prof-KCE's Institute of Management & Research, Jalgaon) on topic, "How to write research paper & importance of Hypothesis in Research" for MBA students on 14 October 2016 at 11.00 a.m at MBA department. Sir, this lecture will be very fruitful for MBA students as most of the students are unaware about how to write research paper.

Hence, we hereby kindly request you to permit us for the same. Also sanction the amount of Rs.1.500 (Rs.1,000 as Honorarium and Rs.500 as miscellaneous like banner. developing photos etc.)

Thanking you.

Yours truly,

MBASA Coordinator
